- 6.** Case presentation in IECR 2009 in Paris.
- 7.** Attended various Conferences (National & International) as a faculty & Chairperson.

MEMBERSHIP OF PROFESSIONAL BODIES

1. Cardiological Society of India (**CSI**) – Life Member.
2. Life Member IMA
3. Association of Physicians of India (**API**) – Life Member.
4. Fellow of Society of Cardiovascular Angiography and Interventions (**FSCAI**) USA.
5. Life member Delhi CSI

EXPERIENCE OF INTERVENTIONS IN ADULTS

Coronary Interventions:

1. Non-complex **coronary angioplasty** with stenting.
2. Complex coronary interventions:
 - a) **Primary angioplasty.**
 - b) **Left main angioplasty** – including distal bifurcation lesions.
 - c) **Bifurcation lesions.**
 - d) **Rotational Atherectomy (Rotablation)** – including through the radial route and **Chronic Total Occlusion (CTO)** angioplasty.
 - e) **Intravascular ultrasound and FFR**

Device Implantation:

1. Pacemakers – all kinds.
2. **CRT – P and CRT – D** implantations.
3. Implantation of **single and dual chamber AICDs.**

Balloon Dilatation of Stenotic valves:

1. Percutaneous **mitral dilatation** (PTMC).
2. Percutaneous **aortic and pulmonary valve** dilatation (ABVP and PBVD).
3. **Tricuspid valve** dilatation – when rarely needed.

Percutaneous procedures for Peripheral Vascular Disease:

1. **Carotid and vertebral angioplasty** with stenting – including competent use of distal protection devices.
2. **Renal angioplasty** in all subsets (atherosclerotic, fibromuscular dysplasia and aortoarteritis).
3. **Peripheral angioplasty** and stenting for lower limb or upper limb occlusive diseases.

Miscellaneous Procedures:

1. Percutaneous **alcohol septal ablation of hypertrophic obstructive cardiomyopathy.**
2. **Pericardial window creation.**
3. **Coarctation dilatation** and stent implantation.
4. IVC Reconstruction (Endovascular)
5. SMA & Coeliac interventions.
6. Device Closure of ASD/PDA
7. Foreign Body retrieval from Heart.

VISION AND ASPIRATIONS

Having gained considerable experience both in the field of Interventional & Peripheral cardiology, I aspire to work in a busy professional center where my personal vision of being able to provide **Compendious Cardiac Care** to all patients can be fulfilled.

I firmly believes that Evidence based medicines is the best way to standardize care to achieve best outcomes. He is a strong proponent of lifestyle interventions for the prevention of Heart diseases, Henceforth taking regular initiatives to educate public & medical practitioners on lifestyle habits.

Also, since academics, mentoring and communication skills are my forte, I would like to contribute in an institution where these aspects of my professional capabilities can be utilized.
